

National Clonal Germplasm Repository

The **National Clonal Germplasm Repository** website is <https://www.ars.usda.gov/pacific-west-area/davis-ca/natl-clonal-germplasm-rep-tree-fruit-nut-crops-grapes/docs/pomegranate-page/main/>. A beautiful set of illustrations of many of the selections as grown in California and related information is available by [clicking here](#).
