University of Florida SHARE Donation Acceptance

I understand that the University of Florida Foundation cannot accept funds if they involve contract deliverables, fees-for-services, proprietary research, drug protocol or depositions.

I have been made aware that University of Florida SHARE donations can only be accepted if they are truly unrestricted gifts with no agreed upon deliverables including exchange of protocols and data or reports being provided to the company.

By signature of this letter I am confirming that the checks listed below do meet the criteria of an unrestricted gift and should be processed as a SHARE donation.
